Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

JAPAN AND THE UNITED STATES.

A dispatch from Seattle, Wash., says that Charles Takahashi, of the Imperial Trading Company, of that city, who went to Washington as the representative of the Japanese on the Pacific coast to confer with Ambassador Aoki on the proposed mutual exclusion treaty, said on Sunday, regarding the dispatch from Washington reporting the alleged conspiracy to overthrow the present administration of Japan:

"The progressives in Japan and the Japanese of the Pacific northwest have nothing in common. The progressive party is badly demoralized. Its leader, Count Okuma, recently resigned the leadership. The party is practically without a leader. It is untrue that Yamaoka went to Japan to confer with the anti administration leaders, nor is he the personal representative of Okuma on this coast. He has always fought Okuma's party and supported Premier Saionji. He was the editor of Saionji's personal organ. An alliance between the progressives and the Japanese of the Pacific northwest is impossible. The latter are in sympathy with the present administration in Japan and wish Viscount Aoki continued as Ambassador to the United States. We feel that he is the best informed man on the Japanese question in the United States who is now in the service of our government. Personally, I feel that it would be a severe blow to our interests to have Viscount Aoki recalled."

While a rupture of the friendly relations between Japan and the United States is not anticipated in Washington, so long, at any rate, as the political party now in power at Tokio retains incontrol of the government, it is realized by officials of the State Department that the national elections, which take place in the Mikado's empire next fall, may result in a radical change in the personnel of the administration. Should the progressive party, of which Count Okuma seems to be the leading exponent, achieve a victory, it is quite reasonable to expect that certain demands will be made upon this government, which could not and would not be complied with. It is believed in Washington, however, that no such representations will be made to this government, but if the Mikado's ministers should be forced by the progressive agitation into making the demands, it may be forecasted with confidence that the reply which goes out from Washington will be a definite and positive negative.

A dispatch from Milwaukee says that Secretary of War Taft in an interview last night, said: "War with Japan? Don't you believe it. Never mind the news that continues coming. It does not always mean all that it seems to on the surface. We will have no war with Japan, you may rest assured of that. You can quote me emphatically as saying that I have an abiding faith that the United States and Japan will continue their way along most peacefully together. You can rest assured of that; never mind the scare-head dispatches."

THE REVOLT IN FRANCE.

The revolt of the hundreds of thousands of citizens in the winegrowing districts in the south of France is alarming the government officials. In the presence of an enormous crowd yesterday evening the mayor of Narbonne, M. Ferroul, announced publicly that a civil strike had begun, and hauled down the flag of France from the City Hall, replacing it with a long crepe streamer. The mayor, when he did this, was surrounded by the municipal council. At the same time the tocsin rang out from every church steeple, and then the crowd paraded through the principal streets of the town. There were no disorders.

Up to a late hour last night no change has been recorded in the situation growing out of the movement on the part of the winegrowers and the news received from the south shows that a number of mayors are carrying out their resolve to resign.

Marcelin Albert, the leader of the revolt, was until a couple of months ago an obscure winegrower of Argellers. Now he is acclaimed as a "redeemer," and seems to hold the south of France in the hollow of his hand. His orders are implicitly and unquestioningly obeyed, and, by the powers of organization with which he is endowed, he has proved himself to be a born leader of men. It is realized among the hot-blooded people of the South that such a man might fire a formidable revolution.

The Echo de Paris says the government undoubtedly has the right to arrest M. Albert, the leader of the movement, but it dreads the consequences of such action. The paper further asserts that the government "cannot yield to the anti-republican, illegal and anti-patriotic challenge."

In the absence of the Mayor of Montpelier, Councilor Lauren, of that city, announced the resignation of the council last evening to a crowd of 3,000 persons.

The mayors of a large number of villages in the Departments of Aude, Herault and Pyrenees Orientals have joined the movement.

Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, JUNE 11, 1907.

THE Charleston, W. Va., Gazette is seriously disturbed over the late ruling of the U. S. Supreme Court on the debt question; and says:

As we predicted long ago, there is no way for this State to escape a trial of this case upon its merits, and the action of the court causes us no surprise. But now that the State is confronted by the alarming situation of having to fight upon its merits a suit, in which the plaintiff claims $15,000,000, with interest from 1863, it may be possible that the people will wake from their more than double Rip Van Winkle slumber, and quit trying to play politics with a simple business question. If Virginia gets all that she claims, she will recover about $55,000,000. Forty-four years' interest means nearly three times the principal. When we recall that the Wheeling ordinance and our first constitution bound us to pay an equitable proportion of the debt of Virginia, it is hard to believe that a majority of our statesmen, for the last thirty years, have educated the people to believe that this claim could not cause us any trouble. There have been times when a very small amount comparatively would have been accepted in full settlement. It must be admitted that Virginia has been patient, while we have fairly reveled in high-sounding resolutions declaring that we owed no debt and had no bonds outstanding. Now we are brought up standing by the judgment of the highest court in the land, and the days of playing to the galleries have passed. Experience is a bitter school, but it seems to be the only one which can teach every one. We now see that we have been short-sighted and narrow upon this question. Those who warned us of our danger and who were ostracized in politics thereby, now loom up as philosophers and statesmen.

The action of West Virginia in the debt settlement matter has been most iniquitous and she should be made to pay the last dollar she justly owes and for which she is bound under constitutional agreement. As says the Richmond Times-Dispatch: "It was one of the conditions of her statehood, and such an obligation cannot be shaken off. The State is also morally bound, for much of the original debt was incurred for her peculiar benefit. West Virginia had every possible warning. Her obligation was voluntarily assumed."

IN THE opinion of the State Department the most serious consequence of the present anti-American agitation in Japan is the inevitable delay caused by it in the successful conduct of the negotiations which are pending for the conclusion of a new treaty of commerce and immigration between the two countries. There is also, of course, the possibility that continued reiteration of charges and counter-charges may ultimately lead to an estrangement of the two peoples. For this reason, Secretary Root deprecates the daily sensational publications of the yellow press of both countries. He holds that it is, so far, largely a newspaper campaign, and probably remembers that it was these agencies that had much to do with bringing on the war with Spain. He is not allowing himself to be disturbed, however, by the situation. He recognizes in the campaign of the Japanese progressives in Japan, to overthrow the party in power, a political plan, similar to those which have been sometime used in this country by the opposition. The elections in Japan, will take place next fall and "justice for the Japanese in America" seems to have become one of the campaign cries of the minority. So long as the present administration remains in power the most friendly relations will continue to exist between the United States and Japan. The Mikado's government has treated the San Francisco incidents with dignity. Apparently it was entirely satisfied with the settlement of the school question, and it has recognized that street fights, such as might happen in any large city of the world, and more especially in one which has not yet resumed normal conditions following a great disaster, are not matters of sufficient importance to embroil two great and friendly nations.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, June 11.

A copy of the report made by Charles Takahashi, of Seattle, on his recent visit to Washington in behalf of the Japanese interest of the Pacific coast, has become public here. In the report he draws the issue of veracity between Ambassador Aoki and Secretary Straus, of the Department of Commerce and Labor, both of whom were interviewed by Takahashi. He says Secretary Straus assured him that the exclusion clause in the immigration bill passed by Congress last winter had the approval of the Japanese government.

It is officially admitted that the Japanese situation was taken up at today's Cabinet meeting. Secretary Root presented the State Department's view of recent developments, as enlitled in the publishers' press dispatches early today. Some curiosity was manifested by certain of the President's advisors as the present disposition of our naval forces, but there was no serious discussion on this point.

A new process for preserving meat is reported to this government by Consul General Guenther, of Frankfort, Germany, who says it is such a simple method that a general use is predicted for it. After placing the fresh meat in a tight box a few sulphur threads are burned in the box. If it is described to preserve the meat for several months, it should be treated generally with sulphur fumes.

The law, requiring that within five years the militia of the different States and Territories shall be placed on an organized basis, the same as that prescribed for the regular forces of the country, shall become effective January 21, 1908.

Frederick Harrison, of Lincoln, Neb., a lawyer, 43 years old, was arrested today on charges of petit larceny. He stated that he was an intimate friend of William Jennings Bryan. He is alleged to have stolen several overcoats and of trying to dispose of them to obtain money to continue a debauch. He was taken to the Washington Asylum Hospital and will be arranged in Police Court tomorrow.

A case involving millions of dollars annually to the lumber interests of the far West, and embodying the question of joint rates and through routes, is being argued before the Interstate Commerce Commission today. It is an effort to force the Harriman and Hill lines to work in harmony insofar as lumber shipments are concerned.

President Roosevelt arrived from Jamestown this morning on the Mayflower. He will spend a busy day at the White House prepatory for leaving for Oyster Bay to spend the summer. He will remain there until Sept. 2d.

Richard Dexter, a carpenter, 42 years old, living at 1254 Girard street, was struck by a city and suburban car early this morning at Rhode Island and Brightwood avenues and killed.

The further use of the mails was today denied J. W. Cavanagh, 11 Wall street, New York, by the Postoffice Department. He is alleged to have been engaged in a fake mining business.

It now appears as certain that there will be no issue between United States and Great Britain over the question of the tariff concessions by this government.

THE UNIVERSITY.

The programme yesterday at the University of Virginia included the meeting of the board of visitors; class exercises on the lawn at 11 o'clock; the unveiling of the bronze Homeric group at 5 o'clock, and the debate for the board of visitors' medal at 8 o'clock. The Homeric bronze group was presented on behalf of the donors by Robert L. Harrison, of New York, and Dr. Edwin N. Calisch, of Richmond. The veil was drawn by Mrs. W. H. Brauer, of Richmond, and the address of acceptance was made by President Alderman. Armisted C. Gordon, of Staunton, rector of the university also made an address.

Much of the session of the board of visitors was devoted to the proposed changes in the B. A. and M. A. degrees.

The board postponed action concerning the elimination of Latin from the requirements until its next meeting.

Dr. H. S. Hedges, of Charlottesville, was appointed professor of the eye, ear, nose and throat for one year from September 12. Prof. Raleigh C. Minor was appointed to act as dean of the law department during the absence of Professor Lile in Europe.

Boy Kills His Mother.

A special from Bassett, Neb., says that at a coroner's inquest there yesterday Calif McCoy, 10 years of age, confessed that the fatal shooting of his mother, Mrs. Thomas McCoy, at her home, nine miles north of Bassett, last Friday afternoon, was not accidental as he at first said it was, but that he planned and executed the death of his mother because she had whipped him. The boy made the confession that he had murdered his mother in cold blood without any show of grief or of remorse. He was out in a field with his mother and three brothers he said, planting corn. Waiting until his three brothers were across the field from the mother, he slipped up behind her and, holding his revolver with both hands within four feet of her head took beliberate aim and fired. The bullet entered her head at the base of the brain. The woman died instantly, but to make sure of accomplishing his purpose the boy fired a second shot into her body.

Victim of Smoker's Carelessness.

Philadelphia, June 11.—Lying in the Pennsylvania Hospital, Miss Margaret Chance, 18 years old, is the victim of a smoker's carelessness. She was a passenger on a car when suddenly her clothing about her feet burst into flames. The men and women passengers in the car were so horrified by the sight that they did not move for some moments. When they did go to the girl's assistance her dress and underclothing had been burned from her body.

News of the Day.

Felix Brannigan died at the George Washington Hospital in Washington yesterday. He was an assistant attorney general in the Department of Justice for ten years.

The news of the veto of the 2-cent fare bill by Governor Hughes caused a general renewal of confidence in the bull position on the New York stock exchange today.

The Council of the Progressives in Tokio adopted a resolution calling upon the government to demand reparation and assurances of good behavior from the United States.

William F. Porter, a member of the Baltimore bar, and for some years prominent in democratic politics in that city, died yesterday at the University of Maryland Hospital.

The New York Assembly last night repassed over the veto of acting Mayor McGowan the bill providing for a recount of the vote by which Mayor McClellan, of New York city, was declared elected.

The largest baby ever born in Chicago, a girl weighing 18 pounds, is receiving a superstitious adoration from thousands of the Polish residents of the city, who consider the girl and its parents as especially favored of providence.

Howard Gould is considering the advisability of starting a counter suit for separation against his wife. Such an action, he believes, would lessen the chances of Mrs. Gould obtaining a court decree for alimony of $250,000 a year.

The Convention of the Western Federation of Miners sent a telegram to Haywood, on trial in Boise, Idaho, which reads: "Fifteenth annual convention sends greetings. Confident of your innocence, and we are with you until your honor is vindicated and your freedom assured."

During a parade at Buffalo yesterday morning of the Cole Brothers' circus an elephant that was in the parade marching close to the curb, picked up Pasquale Piguisparo, an Italian boy, twelve years old, in its trunk, threw him to the pavement, and then stepped on his head and chest. The boy died five minutes later.

Contracts for the construction of 6,000 steel cars, aggregating in cost $6,500,000, have been placed within the past 48 hours by the United States Steel Corporation. This is one of the largest orders for steel products and the largest for steel cars that has been placed since steel-car construction has been an industry of the Pittsburg district.

John H. Swerdfiger, 48 years old, a printer at the Government Printing Office, who dropped dead yesterday morning shortly after he came to work, was a vegetarian and was interested in the work a physical culture organization. On June 1 he began a fast which was to last 30 days. Since that date he had not partaken of anything but water.

Mrs. Florence Channel, wife of Geo. W. Channel, a prosperous business man of Spring City, was visiting friends in Philadelphia when her husband rushed in with a policeman and had her arrested, suspecting that she had eloped with the coachman, Alfred Briggs, who happened to be near and was also taken into custody. Mrs. Channel says the charge is preposterous.

Harry Gillen, charged with the murder of Lewis Nye, a non-union workman, was placed on trial at Beaver, Pa., yesterday. Nye was shot to death from ambush on the night of August 14 last while watching a bridge the Pittsburg Railways Company was erecting at Legionville, Pa. The company was having some trouble with striking union steelworkers and placed Nye on guard.

Lieut. Col. Ayres has been asked as to the correctness of the interviews attributed to him relative to the trouble between Mrs. Ayres and the officers at West Point. Upon Col. Ayres' answer will depend the further course of the department in this matter. According to the published reports of courtsmartial of the army, Col. Ayres has been courtmartialed three times, all of them for conduct unbecoming an officer and a gentleman.

A dispatch from Barbados says that twenty-eight passengers including twelve women and children were drowned by the sinking of the French schooner La Jalouse, from Cayenne, for St. Lucia. The schooner sank off Barbados last Friday night. Her captain and twenty-one men reached Barbados Sunday. The women and children were below when the schooner was struck by the squall that capsized her, and had no chance for their lives.

"Make some proposition of an advance of wages by June 15 or prepare for a strike on that date." This was the ultimatum given to representatives of the various packing establishments in the Union stockyards in Chicago yesterday on behalf of the packing-house teamsters union. The vote to strike was taken by secret ballot at a meeting Sunday afternoon. It stood 335 to 31, and was then made unanimous. The teamsters' joint council will be asked tonight to vote its support. The advance asked is four cents an hour.

President Roosevelt covered a wide range of subjects in his two addressee at the Jamestown Exposition Company yesterday. He came out unequivocally for an income tax law, for a graduated inheritance tax, for national legislation to prevent child labor in factories, for legislation to provide compensation for accidents to employes, whether caused by negligence or not, and in this connection gave a rather broad suggestion to the railroads that they were unwise in fighting the constitutionality of the national employer's liability law. He also told of the land frauds which had been unearthed and of the necessity of enacting laws which would permit the government to control the fuel, oil and timber resources now in the public domain.

Lawyer Richardson got very little change out of Harry Orchard yesterday in the course of nearly five hours cross-examination at Boise, Idaho. The scope of the inquiry ranged all the way from the blowing up of the Independence depot on June 6, 1904, to the attempt to blow up Bradley, the ex-manager of the Bunker Hill and Sullivan mine, at Wardner, in November of the same year. It was the same old story. Orchard remembered every detail that he had testified to on the direct examination, and agreed to many more, none of which appeared to be in any material way inconsistent with his original account. Orchard testified that in trying to poison Fred Bradley he was indifferent to the fate of the rest of the household.

Today's Telegraphic News.

The Revolt in France.

Paris, June 11.—"Long Live the Revolution"—that war cry of the old French revolution which involved all Europe in its horrors—has been heard once more in France, and it has caused the authorities to tremble. It is the slogan of the militant portion, now very small, but is liable to grow rapidly.

Already the "peaceful" revolution has passed into the realm of disorders. At Montpelier and Narbonne, centers of the disaffection, the disturbances were significant.

It was this war cry and its appearance on banners raised by a few wine-growers that caused the trouble in Montpelier today. A mere youth raised the first banner with its inscription, "March on ro Paris; Long Live Revolution." He was quickly arrested and the banner confiscated. The wine-growers rallied to the rescue of the youth. Order was only restored by the release of the boy.

At Narbonne soldiers, who were dissatisfied where they have been confined to their barracks, clashed with non-commissioned officers who rebuked them while they were cheering wine-growers. The soldiers then served notice on the officers that they would not march against friends and relatives if ordered to do so.

Most disturbing of all is the proclamation issued by M. Albert, leader of the revolt, intimating he contemplates a resort to arms. In warning his followers to avoid violence he says: "The hour has not yet come; we hope it will never come."

Orchard Claims to Have Been Converted

Boise, June 11.—Following his veiled intimation on the stand yesterday that he had become converted, Harry Orchard, who boasts the murder of eighteen men, the crime of bigamy and the destruction of thousands of dollars' worth of property with fire and bombs, today declared publicity that he has "got religion." Orchard declares that since his imprisonment he has become a close student of the Bible, and that it is within the pages of the book that he has found the courage to make his confession and not in the coaching of Detective McPartland, as alleged by the attorneys for the defense.

For nearly an hour today Attorney Richardson cross examined Harry Orchard. Richardson was unsuccessful in his effort to developing anything that would shake or change Orchard's story.

Receiver Appointed.

New York, June 11.—August Heckscher, Wm. S. Wand and J. Van Olcott were today named by Judge Holt in the United States court as receivers of Milliken Brothers, structural steel manufacturers and constructors, whose bankruptcy was announced yesterday. The receivers were authorized to carry on the firm's business.

A surfeit of the prosperity is the paradoxical reason advanced in Wall street for the bankruptcy of Milliken Brothers. Never has the company had more orders, but the light money market prevented it from securing working capital necessary to complete improvements at its mammoth plant at Mariners' Harbor, S. I.

Kuroki Departs for the Orient.

Seattle, Wash., June 11.—General Baron Kuroki sailed today for the Orient on the steamship Kaga, after spending his last day in the United States in a round of luncheons and sight-seeking expeditions. Before leaving, General Kuroki, through the American honorary escort, General Wood, said that his visit to this country had been a most pleasant one, and that he leaves with the kindliest feeling for "Uncle Sam." General Wood smiled at the idea of any combination trying to bring on war, and said that the trouble is due to the agitation of several dissatisfied people who thought they saw an opportunity to make a noise.

Ordered to Pay Judgment.

London, June 11.—F. L. Gardner, formerly a resident of the United States, now an Austrian banker, has just been ordered by court decree to pay a judgment of $4,135,000 to Cora De Boizegui. No defence was offered by Gardner, whose attorney announced he confessed judgment for the amount named. Counsel for the woman declared Gardner got the money sued for from time to time from the Senora's secretary, who frequently invested large sums, dividing the profits with Gardner. Gardner was born in the South, served in the Confederate army and before going to Austria worked in a San Francisco bank.

Red Cross Society.

London, June 11.—Plans for making the Red Cross Society as effective an organization in times of peace as it now is on the battlefield was the principal subject of discussion at today's session of the Congress. One of the delegates from the Argentine Republic offered a resolution to this effect. It was urged by all the speakers that the Red Cross should prepare to render immediate assistance in cases of great disasters throughout the entire world. Lord Roberts made the opening address to the Congress welcoming the delegates to England.

Here's Good Advice.

O. S. Woolever, one of the best known merchants of Le Raysville, N. Y., says: "If you are ever troubled with piles, apply Bucklen's Arnica Salve. It cured me of them for good 20 years ago." Cures every sore, wound, burn or abrasion. 25c at E. S. Leadbeater & Son's drug store.

The New York Stock Market.

New York, June 11.—The stock market opened weak with losses running from ¼ to 1 per cent. By the end of ten minutes the market showed an irregular improvement. General surprise was expressed at the way the market took the news of the Milliken failure. Buying orders from several sources were in the market for larger amounts than were offered and execution of these orders caused fractional gains over yesterday's closing figures after the first rush of selling was over.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Believes War Inevitable.

Galveston, Tex., June 11.—A. N. Hammerstein, of Berlin, naval architect of the government, has arrived here from Bremen. He has had thirteen years' study of naval construction in European countries and is just back from a long sojurn in Japan. He says Japan is preparing for war and there is evidence that the United States is rapidly losing favor in the Orient.

While the international strife in Japan may prolong the opening of a conflict with America, said he, it is plainly evident a feeling of distrust against this country is maturing, and the conceited Japanese believe they could defeat the United States. Mr. Hammerstein says Japan has set aside $100,000,000 for army and navy equipment, the greater portion of which is for the navy. While the lower classes of Japanese are openly bitter against the United States, in official circles there is a suppressed feeling, mixed with conceit, that broods no good for America.

Hammerstein says the Japanese display a remarkable knowledge of the naval power of this country, but he is confident American vessels would never meet defeat from Japan.

War Talk.

London, June 11 —The war talk now so common in the United States and Japan, caused by the friction stirred up between the two nations as the result of the San Francisco incidents, is not regarded as of much importance in England. Generally the opinion is held that the United States will handle the matter satisfactorily.

The Globe remarks that the Japanese have borne the insults with dignified patience. Continuing it says: "Patience is good when it achieves its end. When it fails to vindicate national honor action alone remains. A conciliatory attitude on the part of the United States alone can avert danger."

Another comment, offered by the Pall Mall Gazette, says: "There is only one cloud on the horizon, generated by the misconduct of a single state in the American union. The Japanese are justly irritated, but no one doubts the earest desire of the governments at Tokio and Washington to find an honorable settlement. To go to war over such a matter would be a catastrophe that ought to be unthinkable."

Fashionable Wedding.

New York, June 11.—St. Bartholomews Church will be the scene late this afternoon, of one of the most elaborate and expensive weddings of the season when Miss Marion Fish becomes the bride of Albert Zabriske Gray, son of Judge John Clinton Gray. Five thousand invitations have been issued to the ceremony and the reception at the home of the bride's parents, Mr. and Mrs. Stuyvesant Fish. An outlay of nearly $2,000,000, is said to be represented in presents, gowns and entertainments occasioned by the wedding. Dr. Morgan Dix will perform the ceremony.

Suicide.

Detroit, Mich., June 11.—Clifford Kirkpatrick, 21, of Mount Vernon, O., shot himself dead here today. A few days ago Mrs. Walter, with whom Kirkpatrick was infatuated, was stabbed to death by her husband, who was jealous of Kirkpatrick. Walters then cut his own throat, but is still alive. Kirkpatrick left a letter for his mother in Eaton, Ind., in which he says: "I cannot live without my love, and I shall soon be with her."

Kaiser and Czar to Meet.

Stockholm, Sweden, June 11.—Kaiser William and the Czar are ready to meet for another of their famous political conferences during the summer, according to a report current in court circles. The meeting place is still kept secret although it will probably be somewhere in Scandanavian waters. Political matters of great importance will be discussed, it is predicted.

Vetoes Two-cent Railroad Bill.

New York, June 11.—Governor Hughes made a new departure today by vetoing the two-cent rate bill, similar to measures passed in many states. His objections were on broad grounds of principle to the effect that the bill was unfair to the railroads and arbitrary legislation.

The prosecution in the trial of Mayor Schmitz, of San Francisco, ended suddenly yesterday, to the surprise of the defense. Judge Dunne ruled that the testimony of the restaurant keepers who paid for protection to Boss Ruef could be admitted to show a general scheme of blackmail and extortion devised by the mayor. Camille Mailhebau, a restaurant keeper, testified he had paid $500 in gold to Ruef, but the "boss" told him plainly he could not guarantee the license but would do the best he could. After this testimony, which did not seem to satisfy him. Mr. Heney announced that the prosecution rested its case.

ARLINGTON INSTITUTE

The closing exercises for the year 1906-07 took place at Arlington Institute yesterday, June 10.

In the morning the report of examinations and standing of each pupil was read to the assembled school the highest averages for the year having been made by Misses Anna Bartels, Eliza Douglas, Frances Faulconer, Celeste Milburn, Florence Lindsey, Cornelia Plitt and Christina Kemper. The best compositions in classes B, C and D were read by Misses Alice Graham, Eliza Douglas, Nellie Uhler and Alda Hopkins.

At 8 p. m. the school again assembled together with a number of the friends of class A, the graduating class. After the reading of two Shakesperian essays by Misses Grace Reid and Celeste Milburn and music by Miss Lelia Steiner, the Arlington Institute graduating prize and a certificate of work accomplished, were presented by the principal to the following young ladies: Misses Celeste J. H. Milburn, Inez F. Marshall, Elsie C. Crupper, Grace B. Reid and Meryl B. Goldsmith. Miss Edith Snowden, who, though not a graduate, has done excellent senior work this year in Shakespeare, then read an essay entitled "Port of Missing Ships."

Then followed a series of tableaus and illustrations from Edwin Abbey and old prints, by the graduating class, assisted by Miss Edith Snowden.

The scenes were from Macbeth, Henry VI, Hamlet, Romeo and Juliet and A Winter's Tale.

In these the class did much credit to themselves and to their teacher, Miss MacDonald.

The exercises closed with the singing of Kipling's "Recessional" by the school in chorus.

THE PRIMARY.

The democratic primary to nominate a candidate for Congress from this, the Eighth, district, to fill the vacancy caused by the death of Hon. J. F. Rixey, is but a week off from tomorrow and the result is as much in doubt as ever. The four candidates, Messrs. Carlin, Nicol, Gordon and Ryan, all claim that they will win, as do their respective followers, but bettors are careful as to how they place their money and not a great amount has been waged. Some people who profess to know "how the cat will jump" say that the fight is between Carlin and Nicol, others say between Carlin and Gordon, and some between Gordon and Nicol, and a few say that Ryan will win, but the majority couple the name of Mr. Carlin with that of each of the other candidates. All of the candidates are now exerting their utmost endeavors to win favor with the voters and to get them to come to the polls on the 19th and from now on will be the liveliest time of the campaign. A much larger vote is predicted than was at first expected, for reports from throughout the district tell of a greatly increased registration and of the activity of the friends of the several candidates. In one week it will be all over and the winner will receive the hearty support of all the democratic voters in the district.

PANSY BLOSSOMS' BABY PARTY.

The repetition of "Pansy Blossoms' Baby Party," to be given at Christ Church Parish Hall tonight at 8:15 promises to be a greater success even than the first performance given about three weeks ago. Several additional rehearsals have been held, and all are now perfect in their parts. The proceeds are for the debt ot the chapel of the Good Shepherd on south Fairfax street. The doors will be opened at 7:45 and admission will be by the Washington street gate only.

DANCE.

An old fashioned country dance will be given at the Golf Club on Friday night. It will be a subscription affair, and all the members are asked to come. Every third dance will be a square set, and a delightful time is promised to both the older and younger members. The newly elected house committee is planning a number of attractive entertainments to be given during the summer, this country dance being the first.

SUSPECTED OF THEFT.

Officers Henderson and Nicholson this morning arrested a colored man, who gave his name as DeWitt Colwell, on suspicion of having stolen a bicycle in Washington. The darkey had taken the wheel to a shop to have some minor repairs made to it. Colwall says that he purchased the bicycle for $35.

BRILLIANT RECEPTION.

A brilliant reception in honor of Mrs. Lizzie George Henderson, of Mississippi, president general of the United Daughters of the Confederacy, was given by the Junior Daughters at Lee Camp Hall last night. Several hundred persons, including members of Lee Camp and all the southern societies were present. Yesterday evening a committee of Daughters from this city went to Washington on the palace car Mt. Vernon, kindly loaned for the occasion by the electric railroad officials, and brought Mrs. Henderson to Alexandria. Accompanying Mrs. Henderson were Mrs. Ralph Walsh, president of the District of Columbia Daughters of the Confederacy; Mrs Worthington, of Mississippi; Mrs. Nannie Heath, president of the Southern Relief Association; Mrs. West, Mr. and Mrs. J. T. Callahan, Mrs. Malcare and others, twenty-five in all. In the receiving party were Miss Mary Lee Lloyd, Mrs. Dabney Herndon, Mrs. Wm. Ogden, Mrs. Dolly P. Shepperson, Mrs. E H. O'Brien, Mrs. J E. Instrumental music was rendered by Mrs. Edgar Carpenter and Mrs. Frank King and vocal music by Mrs. R. F. Downham accompanied by Miss Hoy. Mrs. Henderson made a beautiful address to the Daughters, which was responded to by Mrs. J. E. Alexander in behalf of the Virginia Daughters. Mrs. Walsh recited "Bobolink;" Mrs. Streeter gave recitations in negro dialect, and short addresses were made by Messrs. E. C. Graham, C. S. Taylor and Rev. Edgar Carpenter. The evening came to a close by the singing of southern songs by all present. At a late hour Mrs. Henderson and her escort returned to Washington. The reception was one of the most brilliant social affairs of the season and was heartily enjoyed by all present. The handsome gowns of the women and the handsomer women themselves, the gallant men, the lovely music and the beautiful decorations presented a scene long to be remembered. The ladies of the Junior Daughters having the reception in charge were Mrs. D J. Howell, Mrs. E. H. Kemper, Mrs. S. G. Brent, Miss Edna Alexander, Mrs. Richard Gibson, Mrs. E. K. O'Brien, Mrs. R. F. Downham, Miss Lottie Greenwell and others.

When Prescriptions are Wanted

Dienelt's Pharmacy enjoys the favor of all intelligent people. The reason is not hard to understand. Reliability describes it exactly. Physicians have made it perfectly understood that their prescriptions must be filled exactly as written and under no circumstances can substitutes be tolerated, therefore the bulk of prescriptions come to us because we and our drugs and medicines are known to be absolutely reliable.

Petersburg Man Murdered.

News were received at Petersburg, Va., yesterday of a brutal murder which occurred last Saturday near Wilsons, in Dinwiddie county, on the Norfolk and Western Railway, the victim being Martin V. Morris, of Petersburg, who also was robbed of everything of value on his person. On the day of the murder, Morris, in company with a strange white man, who is supposed to have been a tramp, arrived at Wilsons on a freight train from Roanoke. Shortly after reaching Wilson, Morris bought and paid for some cider for himself and the man who was with him. In paying for the cider, Morris pulled out a large roll of money which the stranger saw. Subsequently the two men made an effort to board a freight train, but the conductor refused to let them do so. Afterward Morris and his companion left the station and walked off in the direction of the woods, in the vicinity of the station, where, subsequently, Morris was found in a dying condition. He was brought to Wilsons, where he died shortly afterward. Morris had a scalp wound four inches in length, wounds on the left side of the face, and also on the ear, and a bad fracture on the skull. The wounds were made with a very heavy sharpedged weapon.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, cold, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumanic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by W. F. Creighton & Co. and Gibson & Timberman.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

Forced Into Bankruptcy.

With liabilities of $6,500,000 and assets estimated at $8,000,000, the Milliken Bros., incorporated, of New York, contractors for the Pennsylvania Railroad terminal steel work, and one of the largest concerns in the country engaged in the manufacture of structural steel and iron and in contracts for structural steel construction, allowed themselves yesterday to be put into bankruptcy on the petition of four creditors.

The corporation admitted its inability to pay its debts and its willingness to be adjudged bankrupt. Of the estimated liabilities $6,500,000, $3,500,000 are unsecured and $3,000,000 are bonds secured by mortgage on the concern's plant at Mariner's Harbor, Staten Island.

The failure is attributed to expenditures for the construction of an enormous steel plant on Staten Island. The concern will be reorganized and business will go on.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugsact June 30th, 1906. Serial number 1098.
